

FAMILY ART PROJECT: Share the Story

You will need colouring markers or pencils.
To tell the whole story of the Parable of the Workers in the Vineyard, you will need the art cards that are in your kit.

There are 6 cards - ask each person in your home to colour the graphic on the one side (not the side with the story written). If you have less than 6 people, some people might want to colour more than one card or if you have more than 6 people, you will need to share art cards.

Make sure everyone colours the way they want to and try not to show your beautiful creations until everyone has finished!

When all the pictures are finished, get together and read the story found on the back (Reader 1 goes first and so on!)

When you are finished, put the art cards together to make the picture! Send a photo of your finished art to your ministry team at your church or a loved one!
