

Floating Candle Prayers

You'll need:

- ❁ paper or foil cup
- ❁ LED candle or find a tea light

Many United Church Camps have a tradition of floating candles on the water as a way of looking at gratitude for camp memories or a moment in our faith journey. Reflect on your day as you send out a light into the world.

Find a safe and darkened place. Place the candle inside of the cup and as you release your floating candle onto the water, reflect:

- ❁ What are you most grateful for in your life?
- ❁ Who shone love and light on you today?
- ❁ How do you let your light shine for the whole world to see?

Retrieve your candle for later use or to recycle it.
